SPECIAL DIRECTIONS TO PART I.

(*a*) The stations included under *f.o.r.*, Calcutta, Bombay and Madras are shown in the freight (place extras) List No. 1 of 1948.

The basis prices are subject to extras for place and extras for section, size thickness or gauge. Except where 'used' or second-hand 'scrap' has been specifically mentioned, the maximum prices fixed apply to fresh materials in the condition usually supplied by producer.

(*b*) To arrive at the prices for places other than Calcutta, Bombay and Madras, to place extras for iron and steel fixed by the Iron and Steel Controller from time to time under Clause II—B of the Iron and Steel (Control of Production and Distribution) Order, 1941, should be added to the base price. For places for which no extra has been so fixed, railway freight per ton at public tariff rates for full wagon loads from the nearest of the above three ports to the place in question should be added. In any dispute regarding the place extras, the decision of the Controller shall be final. (These freights are given in the Freight (Place Extra) List No. 1 of 1948.

(*c*) *Extra for section size, thickness or gauge.*—Where a lot consists of one section of structural, one size of bar and rod, one thickness of plate or one gauge of sheets or wire and no special provision has been made in the Schedule for such a lot, the basis price is subject to the standard extra for that section, size, thickness or gauge, notified by the Iron and Steel Controller from time to time under Clause II—B of the Iron and Steel (Control of Production and Distribution) Order, 1941.

Where a lot consists of a mixture of sections, size, thicknesses or gauge, the price will be calculated on the lowest priced section, size, thickness or gauge.

(*d*) *F. O. R. Destination Sales by Producers.*—(i) Where lots are despatched by rail in full wagon loads by producers, the price shall be *f.o.r.* destination, *i.e.*, the base price shown in column I plus the appropriate place extra for the destination.

(ii) Where wagons are not fully loaded, the customer shall pay the *f.o.r.*, destination rate plus the difference between the actual freight per ton and the amount of freight per ton which would have been incurred if the wagons had been fully loaded.

(iii) If where a producer sells a lot *f.o.r.* destination, the materials are sent at the customer's request by a route or means of transport other than the cheapest, the extra freight charges shall be borne by the customer.

S'9

(e) *Other Sales.*—Except when a sale is made *f.o.r.* destination by a producer the basis price shown in column I, II or III shall apply *f.o.r.* seller's siding or nearest despatching station for rail delivery in 'small' or ex.-site for road delivery. For these sales, the basic price shown in column I, II or III according to the classification of the seller, is subject to the appropriate extra for the place from which the steel is sold.

(f) *Packing and Bundling Charges.*—Where light sections, bars or rods are bundled, a bundling charge not exceeding Rs. 5 per ton may be recovered from the buyer. Bundling and packing charges are included in the prices for wire, wire nails, tin, terne and P.C.R.C.A. Strips.

(g) *Delivery Charges.*—Ex.-Controlled Scrap Merchant's Yard are not admissible if delivery is made ex.-yard or *f.o.r* siding or nearest station or into workshop adjoining the stockyard.

o

All Agents, Life Branch.

ear Sir,

For sometime past the office has been earnestly requesting you put forth your best efforts for increasing your Business to nable the Department to achieve its cherished objective of 2 Crores of New Business a year". As you are aware, the urrent official year would be closing sooner, by the 31st Iarch 1950, and it behoves everyone of you to work with reater zeal and vigour to gain our object this year itself, and hen accomplished it will be a victory for you and a pride r the Department.

It was my sincere expectation that all the Agents would ake the best of the opportunity given to them by the enerous increase in Honorarium rates. But the Business ecured so far shows that the progress is not encouraging. reater production of Business is to your own benefit and a andsome honorarium will be yours if you only put in more fforts.

It may be pleaded by some Agents that the conditions at resent are not favourable for writing large business, yet ther successful Agents are really doing splendid work and re maintaining a high level of Business. I congratulate hem most heartily and wish them still greater success. To he less successful Agents I have to say that so long as one as an intense desire and works unrelentingly there is no arcity of business. There are many thousands of persons ithout insurance cover, and what is needed in canvassing is n understanding of the particular needs of the person, a ight appeal and a little resourcefulness. We have still four nonths before us this year, and I urge you to quicken your fforts from this very day and work with confidence and letermination; you will surely reap the fruits of your labour. Remember always that an Agent who fails to get Business is loing no service either to himself or to the Institution he elongs.

May, I therefore, exhort you once again to work hard to et up the record figure of two crores of new Business for this year.

OFFICE OF THE IRRIGATION OFFICER, MADHUGIRI.

Notification dated 7th December 1949.

No. M. T. C. 257—49-50. Whereas it has come to my notice that the Cholenahalli Tank bearing Register No. 2 in Madhugiri Taluk, has received inadequate supply of water and it is therefore necessary to restrict the use of water under Section 16 (1) of Irrigation Act for growing summer paddy, I, Sri L. Krishna Naik, B.A., Irrigation Officer, under the powers vested in me by the said section of the said Act, limit the use of water to the atchkat lands noted in the list, a copy of which will be available at the Taluk Office, Madhugiri, and also left with the concerned Revenue Inspector, Village Officers and Nirganti for the information of those concerned.

Any person who contravenes the above Order is liable for punishment under Section 50 of the said Act.

The garden owners under the tank are allowed to use the water as usual once in 15 days.

Further, any Revenue Officer and also the concerned Village Officers and Nirganti are hereby empowered to enter upon the lands, inspect the 'Hikkal Channels' and 'Madvoys' and report if there is any misuse of water or damage caused to the channels or Madvoys.

All the ryots are directed to prepare the lands for retransplantation within the 25th of this month and they should replant the lands completely before the 20th January 1950. They are further informed that no concession will be shown to those persons afterwards either in granting remission of assessment as contemplated under Section 16 (2) of the above-said Act or allowing to take water for further cultivation. The other atchkatdars are entitled for remission of half wet assessment as per section 16 (2) of the said Act.
